3. Discussion:

a. [redacted] although not intimately acquainted
with the operation of the index, agreed to demonstrate it
for OBI and APD personnel. With the exception of a few
mispunched cards, the system was apparently performing satis-
factorily. Mr. Wildhack requested specific information from
[redacted] regarding sources of information, methods of search, and
degree of completeness of the index. These [redacted]
agreed to furnish directly to OBI. Mr. Wildhack also requested
permission to purchase the necessary "punch" equipment to
facilitate the furnishing of future additions to the index
at OBI. It was agreed that a complete system, including
at least one thousand spare blank cards, also can be shipped
to Mr. Wildhack at OBI at the earliest possible date. Any
further questions on problems arising from the transfer
of the index from [redacted] to OBI will be expedited by the
undersigned at APD.
